

## **GERSTELL ACADEMY MIDDLE SCHOOL PRESIDENT'S LEADERSHIP CHALLENGE SUMMER 2010**

The President's Leadership Challenge is a voluntary experience. It is an opportunity for students to expand their horizons and challenge themselves beyond the required reading of three books and the Book of Knowledge over the summer. The purpose is to challenge students in the areas of leadership, academics, and physical fitness.

**LEADERSHIP:** This part of the voluntary challenge is designed to expose the student to leadership and social experiences and/or environments that they might not normally be familiar with. The student will choose one of the following options and then write a Leadership Experience Report (1-2 pages) on what they learned. This form is available on the Gerstell Academy website under Summer Reading. Your time at your selected site/event should be at least 1 hour long. Your options are listed below.

**ACADEMICS:** Read three books as required according to the summer reading guidelines, read your Book of Knowledge, and then read a fourth book from the paired subject area not previously chosen for your required reading. (Four books, one from each of the four paired subject areas, and the Book of Knowledge)

**PHYSICAL FITNESS:** Meet or exceed your last scores on your President's Physical Fitness test in 4/5 areas. If you did not take the test last year, you must meet the standards for the 50th percentile in 4/5 areas for your age/gender group. Everyone will take this test your first week back in school. Please refer to the attached Physical Fitness Program packet or visit [www.presidentschallenge.org](http://www.presidentschallenge.org).
